

UMass Memorial Medical Center intraoperative record

The intraoperative electronic record at UMass Medical Center has clearly defined fields for completion.

Universal Protocol

The screenshot displays a software window titled "INTR User: la (Site: MEMORIAL CAMPUS) --- CONFIDENTIAL INFORMATION ---". The interface includes a menu bar (File, Options, Window, Interfaces, Tools, Help) and a patient information section with the following details:

- Patient: DOE, MARILYN
- Surgeon: JOHNSON, KIRK H
- Procedure: * HIP PINNING CANNULATED
- ID #: 000867532
- DOB: 8/29/1978
- Case: 1265
- Date: 3/28/2006
- Sex: F
- OR #: 8M

Below the patient information is a grid of red buttons for various clinical tasks, including "Allergy-Med Comfort/Anx", "Cath - Drain Dressing", "Check List", "Counts", "Diagnostic Test/Treat", "Events/Tasks", "Implant Explant", "Intake & Output", "Neuro Assess", "Patient Transfer", "Patient Information", "Patient Plan of Care", "Patient Status", "Personnel", "Position/Site Prep", "Procedure" (highlighted in yellow), "Sup-Equip Instr-Trays", and "1-Universal Protocol".

The main form area contains several rows of dropdown menus and checkboxes for data entry:

- Row 1: Full Name-MR#, Agree on Proc, Side, Site Marked by MD, Consent Valid(60days), Time/Date
- Row 2: Lab Review, X-Rays, Equip Avail, Implant Verified, Position, Antibiotic 1 Req, Antibiotic
- Row 3: PreCount Done, Blood Avail, Visitors Verified, Sterile Ind, Attending, Anesth MD, or CRNA, Circ RN

A "Comments:" text area is located below the dropdown menus. At the bottom of the form is a table with the following headers:

Full Name-MR#	Agree on Proc	Side	Site Marked by MD	Consent Valid(60day)	Lab Review	X-Rays Avail/Revie

The Windows taskbar at the bottom shows the start button, several application icons, and the system tray with the time 12:28 PM.
